

## Vineyards

Hands-on, sustainable, dry-farmed and intensely managed for low yields, maximum quality and a transcendental sense of place.

Our two estate vineyards orbit each other in a balancing act of contrast and complementary presentation, each reinforcing and amplifying the strengths of the other in classic yin/yang fashion.

With our geographic—and geologic, climatic, and clonal—separation, we benefit from an expanded blending palate borne upon layers of diversity and thereby achieve the elusive dialectical monism of viticulture and enology.

### The Yin

Jeff and Victoria's Equinox Vineyard lies on a steep southwest-facing hillside in the Crow Valley due west of Eugene. Underlain by deep, red Bellpine soils, this site is high and cool. Grapes take longer to ripen here, often hanging right up until the end of the growing season. While the threat of winter rains often comes nail-bitingly into play during harvest, at Equinox the results can be spectacular. With Pinot Noir, Pinot Gris and Chardonnay this means a wealth of elegance, structure and brightness growing out of more modest sugars combined with a dazzling acid profile. With Riesling this means world-class expression in terms of depth, complexity and longevity.

### The Yang

Alan and April's Bellpine Vineyard, situated some 25 miles north, is lower and warmer. This is where the juiciness, saturation, color and extraction comes from. Bellpine Vineyard is also a place of genetic diversity, planted to five different clones of Pinot Noir, including the obscure Jackson selection. Pinot Noir from this site is luxurious and curvy.

### Putting it all together

The elegance of Equinox wants to give some structure to the roundness of Bellpine. The mass of Bellpine wants to flesh out the high-frequency of Equinox, and that is exactly what we let these two do: Complement, project and amplify the strengths of the other in a whole that is greater than the sum of its parts.

## TERRITORIAL Vineyards & Wine Company

[territorialvineyards.com](http://territorialvineyards.com) | 541-684-9463

907 W 3rd Ave, Eugene OR 97403
